GrootGroenPlus 2026

Judging report

Gold	Applicant		Score
Cardiandra ‘Suapc 1707’ (AUTUMN BOUQUET)	Jens Meyer Jungpflanzen, Apen, Germany / Diderk Heinje Baumschul-Pflanzen-Handel GmbH & Co. KG, Edewecht, Germany	Particularly beautiful and superbly presented plants; compact, densely branched and very profusely flowering; striking colour combinations, and it is lovely to see that innovation is not confined to well-known genera.	8,1

Silver	Applicant		Score
Picea glauca ‘Klavercon’ (LITTLE NORDIC)	Hoogeveen Plants BV, Hazerswoude-Dorp	An attractive shape with slightly drooping branches, but a straight leader, resulting in a handsome plant form; this makes it a distinctive plant within the Picea glauca range.	7,3

Bronze	Applicant		Score
Leucothoe ‘Opstal12’ (SPARKLING GOLD)	Boomkwekerij Ron van Opstal BV, Zundert	Attractive, fairly compact plant with bright yellow foliage and orange young shoots; healthy and distinctive.	6,5
Phillyrea angustifolia ‘HUGP16’ (GRAND PRIX)	Boomkamp Boomkwekerijen B.V., Hengelo / Boomkwekerij Huijbregts BV, Wernhout	A beautiful, healthy plant with a striking upright growth habit; looks great with large, full plants.	6,5
